## I. INTRODUCTION

### Rally Sprint „Viekšniai 2018“

On August 25, in Viekšniai district will host the fourth stage of this year's Lithuanian rally sprint championship. This competition is included also in the Latvian rally sprint championship calendar - this is the fifth event of the championship of the neighboring country, so really we'll see a few tens Latvian crews.

According to Vitalijus Plastininas, head of the Mazeikiai Auto Sports Club, the traditional event should bring about 60 crews this year. It will be the last race this year in our country, so sportsmen will definitely fight for the final points. For the crews will remain only the last event of the rally sprint championship, which will be held in September, in Latvia, it is therefore no doubt that the race in Viekšniai will be one of the most popular in terms of participants and interesting for the spectators.

In total "Viekšniai 2018" race participants will have to overcome 9 special stages, which total length - 63.6 km, and a total length of the all race track - 173 km. The crews will overcome 4 special stages twice, and one stage will drive once. According to the Clerk of the course, Edvinas Vašteris, the racers should know a significant part of the special stages, but the organizers choosed technically interesting and harmonious cocktails of the roads, that require united crew's understanding. The new will be the third special stage of the rally, that sportsmen will drive only once. By the way, here will be also asphalt coatings, so we can not name the rally "Viekšniai 2018" exclusively as gravel. Until the break, the crews will have to overcome a five shorter speed stages (their length from 5 to 7.8 km). In the second part of the race prepared 7.5 and 10 km special stages, which will be driven 2 times.

On Saturday sportsmen will be able to check their enginery in the test stage, it should be from 8:00 hour, and the rally sprint race will start at 13:00 hour. The winners of the Viekšniai rally are expected to arrive 19:00 to Viekšniai municipality square.

As a rule, not only the crews fighting in the rally sprint championship arrives to the Viekšniai rally sprint. Interesting tracks and a good race organization are attracting Lithuanian and Latvian rally favorites, for which this competition is a good opportunity to test the enginery before the final races of this season. By the way, Pastor of Viekšniai John Baptist Parish Kęstutis Zybartas will awards the winners of rally sprint "Viekšniai 2018". This is probably the only rally in Lithuania, the winner of which is awarded by a clergyman.

Participants of rally sprint "Viekšniai 2018" will be divided into two main standings - 2WD and AWD. In Lithuanian and Latvian rally sprint championships classifications, the crews will be divided according to the requirements of the rally sprint championships regulations of these countries.

Last year's "Viekšniai 2017" rally was won by Giedrius Notkaus and Dalius Strizanas crew, driving Mitsubishi Lancer EVO IX car. They were faster the Latvian sportsmen Rolandas Jaunzems and Ainaras Kalnins almost one and a half minutes. In Lithuanian rally sprint championship standings last year was fastest the crew of Vitalijus and Vytenis Plastinainai , the representatives of Mazeikiai ASK.
